

Power to save Upgrade your lights and save

Discover what's on offer

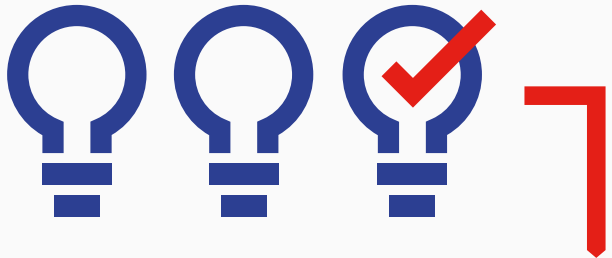

The NSW Government has introduced discounted lighting upgrades for eligible households and small businesses. Upgrading to energy efficient lighting will help you reduce energy use, maintenance and environmental impact, and save money on your energy bills.

01

Check if you're eligible

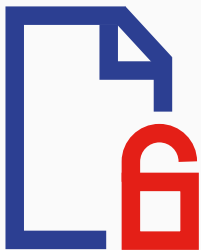

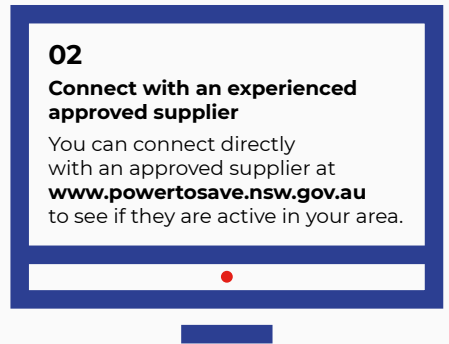

Each supplier has their own eligibility criteria and may require a minimum number of lights to be upgraded. Shop around for the best deal.

02

Connect with an experienced approved supplier

You can connect directly with an approved supplier at www.powertosave.nsw.gov.au to see if they are active in your area.

03

Access the offer

An approved supplier will assess your lighting needs and give you a quote for the upgrade, including the discount subsidised by the NSW Government.

04

Get the upgrade

Choose the best deal and the approved supplier will send an experienced electrician to install the new lights, so you can start saving money.

05

Make your small business energy efficient today!
